Empress has long been recognized for its distinctively aromatic tea. In the early 20th century, Empress began its tea trade by importing varieties from China and India. These varieties were first roasted in the oven in the World War II to preserve them. Empress Tea has always been known for its delicate brews. However, in the 1940s, the unique aromas of the plant were discovered, and tasters began enjoying Empress Tea as it was currently being served. Tea at the Empress has always been a delicacy! Our very best snap bean for fresh eating, freezing, or processing, the Empress bean offers incredible flavor. The vigorous plants produce heavy yields of large, straight, green, 5-6 stringless pods. Plant in succession for fresh beans throughout the season. Introduced by Gurneys in 1979 as Experimental Bean 121 and later renamed Empress. Bush habit, snap, 55 days. 1,500 seeds/lb.
