If you have access to the official website, you can download the PDF versions directly from there.Q: Dojo's "autocomplete" itemTemplate attribute breaks dojox/mobile/Switch/Button I'm using dojox/mobile/Switch and dojox/mobile/TextBox widgets with the following HTML: The "itemTemplate" attribute breaks all the functionality of the "dojox/mobile/Switch" widget. If I remove "itemTemplate: '{value}%" the widget works as expected. The documentation for dojox/mobile/Switch says this: "Item template is an expression with the following format: \${property}%". This is probably true for TextBox, but not for dojox/mobile/Switch. I'm not the only one who has had this problem. This is an example of some of the many questions on the topic: [c6a93da74d](#)
