The ENERGY+ meter is fully functional, providing exceptional accuracy for energy data, and has been independently tested and certified by Cal OSHA/EDA to measure and record the energy performance of the customer's existing appliances, with an accuracy of up to 95%. Best of all, the ENERGY+ meter's wireless capability allows the customer to monitor energy performance using a smart phone or tablet, eliminating the need for a meter reader to personally check, test, and read meters on a monthly basis.
