Warhammer 40k Dawn Of War - Soulstorm - Mega Trainer 1.20

Dawn Of War: Soulstorm is the final add-on for Relic's Warhammer 40,000: Dawn of War series. EA announced that the expansion is being prepared for the PC version at GameSpot's Dawn of War: Soulstorm multiplayer preview event earlier this month, and will be released at Gamescom next week. Soulstorm is available for download on the PC today. Trainer features Multiplayer, Quick setup, Complete walkthrough, Load race selection, FPS settings, Real time chat and Statistics, with a total of 18 gaming sessions (payloads). The trainer is compatible for the following games and versions: Star Conflict, Star Conflict: Jump To Gate, Dark Athena, Dark Athena 1.00, Dark Athena 2.00 and Dark Athena 3.00. The Dark Crusade expansion is the last of three expansions for the critically acclaimed RTS, Warhammer 40,000: Dawn of War. The expansion focuses on two new races: the Blood Claws, or Dark Talons, and the aforementioned Dark Eldar. Thankfully, there are some good news as well. This game is part of the Warhammer 40,000 series, a major role-playing game that lets you play as one of nine different races. Not only is that cool, but it also takes a neat approach to multi-player. The game is available for pre-purchase on Steam, and it's off to a good start, and has been met with positive reviews. In the July edition of PC Gamer, Soulstorm was rated as a strong addition to the Dawn of War universe, and overall, it's overall a very highly rated expansion.
