The world of Tarnished Creation, which lies as far as the Lands Between from the land of Demon's. It has long been a place where ancient gods are worshipped. The vast Kingdom of Elden consists of the magic-powered lands that once were the heart of the Kingdom, and the deep jungle-covered terrains between the two. The lands of the Elden have been divided into the three regions of the Demon's Blight, the barren Wastes, and the Shield Mountains. The Wastes are a harsh, inhospitable, swampy place with tall grass where monsters abound. The Shield Mountains are a barren, icy place with a raging wind. The Demon's Blight is the area under the control of the Six Thrones, and is inhabited by the remnants of humans. It is a vast region of monstrous demons, haunted forests, and a volcanic island where the fabled Rook awaits. A great war has long been waged in the lands of the Elden, whose history began thousands of years ago. The power of the Six Thrones led to the fall of the Kingdom of Elden, and the horrible Oni Rebellion was precipitated. The Six Thrones, of course, have not appeared since. All that remains is an endless conflict between the lands of the Demon's Blight and the Lands Between. While most of the players can be in different places at the same time in the game, there are times where you can only play with people in the same place. This is called the "asynchronous online element," and it will allow you to feel the presence of others through "Delightment" that other players experience. We are currently developing it in collaboration with Cygames. ?

Customer Reviews: "The atmosphere in the game is brilliantly

replicated. It feels as though the player is walking around in a certain place.” “The game is amazing. I am so grateful.”
?What is a Tarnished Creation? Tarnished Creation was developed as a fantasy action RPG that places its emphasis on character creation and enjoyment of a genre that is new to the genre. The animation was carefully crafted to create a game with the feeling that the player is playing in a “movie.” Due to this, the rules of the RPG genre are loosened, which allow for the game’s world and ideas to unfold freely. You can freely develop

"This game offers a lot of replayability and atmosphere, with a strong emotional link between you and your party members." - RPGFan 3/5 "An exciting game." - Gamers Mind 4.5/5 "High replayability and a unique set of RPG elements." - Game Gold 4.5/5 "The quest you have to complete is beautiful, challenging, and very interesting. There are moments of hard work, but also a lot of fun and activities to do." - XGamestar 2/5 "Noble Art is a unique RPG with plenty of charm and a stellar presentation." - GameSauce 3.5/5 "A good game that while difficult can be very rewarding, especially if you look deeper into it's meaning." - Gamezebo 3.5/5 "Not an RPG to be easily dismissed, although Noble Art does have a steep learning curve." - European-Sider 3/5 "A visual treat with an excellent soundtrack and a lot of unique atmosphere." - Game-Style 4/5 "Excellent graphics and an original storyline." - GameStat 1.5/5 "The 'visual novel with RPG' concept shouldn't be so hard to find these days, but any RPG fan will be shocked by how well Noble Art manages to pull it off." - GamePlanet 8/10 "Once you get into it, you'll be gobbling up every second on the clock." - Kotaku 3/5 "I'd say that, even if you've never played an RPG before, Noble Art is worth checking out. It's not groundbreaking or revolutionary, and it's not especially original, but its difficult action and unsettling plot twists managed to keep me guessing right up until the last boss." - Gamepress 2.5/5 "While it's definitely better than your average slice-of-life, it's not a huge step forward. The

same problems as its predecessors return, and it shows just how tough it is to craft a modern RPG." - Gamerevolution 2/5
"This is a handsome and rare game that I wish I could have found years ago. The story is interesting and well-written, and the graphics are stunningly beautiful." - GameSauce 4/5 "The fact that it's very unique and different from all other games
