No. I personally do not think that skepticism is the same as dismissing the paranormal. Why? Simply because it's a slippery slope! The more skeptical you become of paranormal claims, the more credence you give them. Thus, dismissing paranormal claims and skeptics are virtually synonymous. On the other hand, skeptics can be quite skeptical of many claims. They just question the credibility of the claims and/or trust the claims are false (by assumption). Conclusion To summarize, Skepticism is a general method of analyzing knowledge claims. As we saw throughout this post, skeptics are actually quite careful and methodical in their skepticism. The skeptics' approach on UFO sightings was that they don't exist. In my opinion, this is actually quite logical. The very idea of UFOs is absurd and stupid. The few photos we have
