The long-term goal of the convention is to invite all community members to share in the joy of helping others in the community. The Center will continue to build and develop new opportunities for the community to fulfill that mission. As a community-based organization supported by other nonprofits and foundations, the Children's Hospital Foundation depends on the generosity of donors who believe in the importance of providing high-quality, early-intervention services to children, their families and those working to prevent autism. Learn about our mission and how we support the work of the Foundation. For the tenth year, the 22,000 children affected by autism in the Los Angeles County and Ventura County areas and their families will be represented at this year's Children's Hospital Transforming Autism Conference, with events, seminars, technical exhibits and professional development opportunities for early intervention professionals, researchers, administrators, board members and others from across the U.S. and around the globe. Autism is a spectrum disorder that can cause challenges in communication, social skills and learning. It is characterized by delayed speech and social skills as well as repetitive behaviors. Autism affects a child's development at a young age, and it is characterized by lifelong deficits in intellectual and language skills as well as social communication and understanding. This year's event has been extended to include a full day of education and additional opportunities for professional development. Attendees will have access to a special exhibit highlighting the genetic basis for autism, as well as live performances and a silent auction. Nissan Veloster EV This article is a stub. 6d1f23a050
