Q0reSoft Store RPG Game Espionage Game The Lost Crown Game  
Anno Online - an action strategy game for PC-Windows developed by  
Magic Art Studio and released on October 28, 2013. The game also  
includes game engine based on Minecraft. Anno Online was originally  
released in Japan for the PlayStation 4 and PlayStation Vita on April  
24, 2016. A recent update was released for the PlayStation 4 and  
PlayStation Vita, on November 13, 2018. A PC version of the game is  
planned for release in 2019 by Magic Art. Release Anno Online was  
announced on November 13, 2013. An official website was launched  
in January 2014, confirming the PlayStation 4 and PlayStation Vita  
release for April 2014. The game is published by Naver Corporation,  
with mechanical assistance from Xseed Games and Columbia Pictures  
Home Entertainment. On August 6, 2014, the PlayStation 4 version of  
the game was released in Japan. The PlayStation 4 version was  
released in North America on November 12, 2014, in Europe on  
December 6, 2014, and in Australia on January 14, 2015. The  
PlayStation 4 version was released in South Korea in early 2015.  
Game play Anno Online is an action and strategy game set in a world  
where the latter represents free land, open for anyone to claim. The  
player plays as a settler whose task is to find the lost power of Eden  
and then rebuild the world to avoid the ravages of calamity. The game  
will be an open world sandbox-style single-player experience in which  
the player character may explore the map at will. Multiplayer modes  
will also be available through the game's PlayStation Network-based  
social networking system. Early access Anno Online was released in  
Japan in December 2013, and announced for the PC the next month.  
The early release was compared to Zynga's The Ville. A playable demo  
was released on June 29, 2014, allowing users to play 15 minutes of  
the game. Early access was extended to the US, Europe, Australia,  
and South Korea on July 16, 2014. Anno Online features a quest  
system which had been called "cinematic", granting the player  
characters more than one thousand tasks to complete. The user has  
full control of the territory, and will be able to build various structures  
and influence the world. Players must use tools, such
