Suppose that we are given a total ordering Mitchell Beazley / EyeEm / Getty Images The business and financial sectors have been hit hardest. America's unemployment rate is expected to climb to 8% or higher for the next three years, and that could lead to a full-blown crisis that could hurt the broader economy, according to a new report from the nonpartisan Congressional Budget Office (CBO). The organization released a report this morning that echoes recent warnings from Fed Chairman Ben Bernanke that a financial system that's functioning as well as it has for the past decade might be at risk. The Fed is the dominant force in the economy, as it sets the course for everything from unemployment rates to the pace of mergers and acquisitions in the U.S. The broad-based nature of the report and its findings could fuel growing worries about a slowdown in China as the Fed is forced to draw back on its \$85 billion-per-month emergency lending program for bad loans. "This is the problem with the Fed," Edward Wolff, a professor of economics at New School University, told the Wall Street Journal. "If the Fed doesn't stop cutting, the economy gets weaker. If the Fed does stop cutting, the economy gets weaker. The banks get weaker."
