

Use V-Ray work done in other 3D tools like 3ds Max, Rhino or SketchUp for render-ready reusable assets and materials use. Custom entourage is a rendering tool that allows you to use models and scenes created in other 3D tools such as 3ds Max, Rhino or SketchUp to create render-ready reusable assets and materials. In addition, you can use the V-Ray tools to create custom animation effects. With this program, you can add, remove or move V-Ray scenes to create your own resources.
